-----Forwarded message-----

Hello,

You will be working directly for me and you will be working from home 7 to 8 hours a day but you will be the one to choose your work times, you will be reporting to me every day and your information will be forwarded to my clients for payment process, I am offering \$16p/hr ,40 hours a week and I will need to forward your information to my clients so they can put it in there database for payments on my behalf so as soon as they are ready to pay me they will mail the payments to you automatically, its very scary to hire people without meeting them but i will have to trust you until we meet by first week in May. You will be making payroll to my staffs working for me on the field, the company payroll CD Rom will be mailed to you so you can have an idea of who to pay at the right time. My clients pay in 2 ways is either via check or wire transfer but I will prefer the wire because the funds will get to your account same day ,you will be using your personal account to receive funds from the clients until the company set up a new account and add you on it . Please get back to me as soon as possible if you are still interested.

Regards

Craig Eastmond
